Please type or print clearly.

Effective *Date* *Faculty Member's Name*
will have a joint faculty appointment with *Department of Primary Appointment*
and *Department of Secondary Appointment*.

1. The chairperson/director in each department/school will identify the duties and responsibilities of the assignment for the faculty member, but the total assignment is subject to the approval of the chairperson/director of the department/school of the primary appointment.
2. The DFSC/SFSC of the department/school of the primary appointment will be responsible for decisions of reappointment or non-reappointment, tenure, promotion and performance evaluation, but shall seek advice from the DFSC/SFSC of the department/school of the secondary appointment.
3. Voting privileges on department/school matters and College and University elections for the faculty member will reside only in the department/school of the primary appointment.
4. The department/school of the primary appointment will ordinarily provide research space and equipment for the faculty member. Supplies, materials, and equipment that are a part of the everyday operations of research will be available in both departments.
5. If the faculty member is designated the chairperson of a thesis or dissertation committee for a graduate student whose major is in the department/school of the secondary appointment, space and equipment not already available or adequate will be the responsibility of the secondary department. Special commodities and contractual services needed in thesis research will be purchased by the department in which the student is majoring.
6. Other terms or conditions of agreement:

Signatures acknowledge agreement.
