**** Notes about nursing home rates:**

Long-term care insurance will reduce the cost to patient.

Medicare may pay partially for 100 days if person qualifies for skilled care after 3 days in hospital. With this, Medicare pays 100% for 20 days, then the patient pays \$101.50 co-ins. and Medicare pays the difference (\$18.50/day for a \$120/day room) for 80 days. Medicare pays for therapy and medicine during this time.

Approximate charges in addition to basic rate and not covered by Medicare:

- Light nursing/custodial care \$ 3 day \$ 91 mo. \$1,092 yr.
- Medium nursing care \$ 7 213 2,556
- Heavy nursing care \$12 365 4,380
- Skilled nursing care \$15 456 5,472
